Honeywell

MICRO SWITCH™ DM/DP Series

Snap-in Panel Mount Basic Switch

DESCRIPTION

MICRO SWITCH[™] basic switches are globally compliant, and known worldwide for their compact and lightweight design, accurate repeatability, and extended life. The DM/DP series is a special application precision switch that can be used in a variety of applications, including appliance door lights, door interlocks, and stop/start switches.

FEATURES

- Attractive, rugged snap-in panel mount design easy installation
- Choice of momentary, alternate, pushpull or pull-to-cheat operation
- Quickconnect terminals
- Expected mechanical life: 1 million operations, 95 % survival
- Temperature range: -37 °C to 82 °C [-35 °F to 180 °F]
- UL recognized file #E22779, CSA certified file #LR4442
- DM electrical rating UL and CSA rating: 10 A, 1/2 HP, 125, 250 or 277 Vac
- DP electrical rating UL standard 508, 14 A, 3/4 HP, 125, 250 Vac; Pilot Duty: 150 V A 125, 250 Vac; 16 A, 125, 250, 277 Vac, 3/4 HP, 125, 250 Vac; Pilot Duty: 150 V A –125, 250 Vac

The DM/DP series snap-action switches have have momentary, push-pull, and pull-to-cheat configurations. The quick-connect terminals and snap-in, panel- mount housings provide easy installation. In addition to the quick-connect terminals, angled forms and larger terminals can be provided.

POTENTIAL APPLICATIONS

- Appliance door lights
- Door interlocks
- Stop/start switches

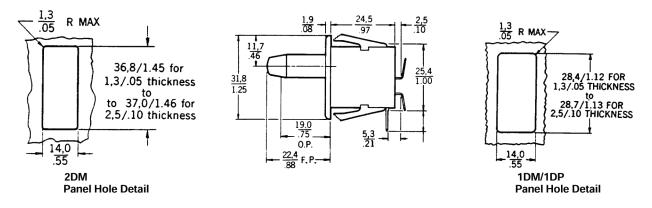

SPECIFICATIONS

Characteristic	Parameter	
Description	Snap-in panel mount basic switch	
Actuators	 Momentary action Push-pull Pull-to-cheat 	
Terminations	Quick connect, angled forms	
Amp rating	10 A, 16 A	
Operating temperature	-37 °C to 82 °C [-35 °F to 180 °F]	
Operating force	4,17 N [15 oz] max.	
Mechanical life	1 million operations, 95 % survival	
Circuitry	SPDT, DPDT	
Voltage	125 Vac, 250 Vac, 277 Vac	
Approvals	UL, CSA

MOUNTING DIMENSIONS

MOMENTARY ACTION

Momentary action switches are available in a choice of concave, convex, or bullet nose plunger styles.

PUSH-PULL

When plunger is depressed, it remains down and maintains circuit transfer. Switch contacts return to the previous position when the plunger is pulled to the extended position.

PULL-TO-CHEAT

Pull-to-cheat operates normally as a momentary action switch. However, by pulling the plunger beyond the normal free position, a maintained-on position is achieved.

POSSIBLE VARIATIONS

In addition to the standard quick-connect 4,78 mm x 0,51 mm [0.188 in x 0.020 in] terminals, angled forms and 6,35 mm x 0,81 mm [0.25 in x 0.032 in] terminals can be provided. DM plungers and faceplates are available in any combination of white, black, gray, or red.

MICRO SWITCH[™] DM/DP Series

Warranty. Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. The foregoing is buyer's sole remedy and is in lieu of all warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.

While we provide application assistance personally, through our literature and the Honeywell web site, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.

MISUSE OF DOCUMENTATION

- The information presented in this datasheet is for reference only. DO NOT USE this document as product installation information.
- Complete installation, operation and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.

WARNING PERSONAL INJURY

DO NOT USE these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.

Failure to comply with these instructions could result in death or serious injury.
