Display Color	Mono-chrome	256 colors/Mono-chrome	256 colors/Mono-chrome	256 colors	256 colors	256 colors/Monochrome
Appearance						

## System Requirements

Item	Requirement
OS	Windows 2000 (SP4), XP (SP3), Vista (except for 64-bit version)
CPU	1 GHz minimum
Memory	512MB minimum (1GB recommended)
Available Disk Space	800MB minimum
Graphic	XGA (1024 x 768) minimum
User	Windows 2000/XP: administrator account Windows Vista: administrator account
Others	Mouse, CD-ROM drive .NET framework 2.0 or later

### Software Registration

After purchasing Automation Organizer, please register your software so that IDEC can notify you of any future upgrades or enhancements.

### Download Center

Users who already have WindLDR or WindO/I-NV2 can upgrade their software to the Automation Organizer.

<http://www.idec.com/download/>

Manuals, catalogs, sample programs, and CAD data can also be downloaded.

## Precautions for Upgrading

### For WindLDR users:

- The free WindO/I-NV2 update does not contain the Symbol Factory of over 5000 symbols. Purchasing of Automation Organizer is necessary to obtain the Symbol Factory symbols.
- WindLDR Ver. 5\* saves user programs in the following seven file types:  
\*.ldr (ladder program), \*.sym (symbol data), \*.bmk (bookmarks data), \*.cus (custom monitor data), \*.pcv (print settings data), \*.obu (device data list), \*.cod (binary code)  
WindLDR Ver. 6 saves these data as a \*.pjw file.

### For WindO/I-NV2 users:

Symbol Factory cannot be used with WindO/I-NV2 of Ver.2.1\* or before. Automation Organizer is necessary to use Symbol Factory.

	<b>Safety Precautions</b>
	• Read the user's manual or operating instruction sheets attached to the product to make sure of correct operation.
	• Special expertise is required to install, wire, program, and operate the Automation Organizer. People without such expertise should not use Automation Organizer.
	• Use Automation Organizer for programming the IDEC applicable products only. • IDEC is not held liable or responsible for the user programs which users created using Automation Organizer.

Specifications and other descriptions in this catalog are subject to change without notice.
