

inspired LED **9-V Battery In-Line Controller**

SKU #3663

Product Features:

Hours of convenient, battery operated LED control. Functional features include on/off, dim/brighten, and a selection of eight different lighting modes.

***Batteries not included**

Specifications:

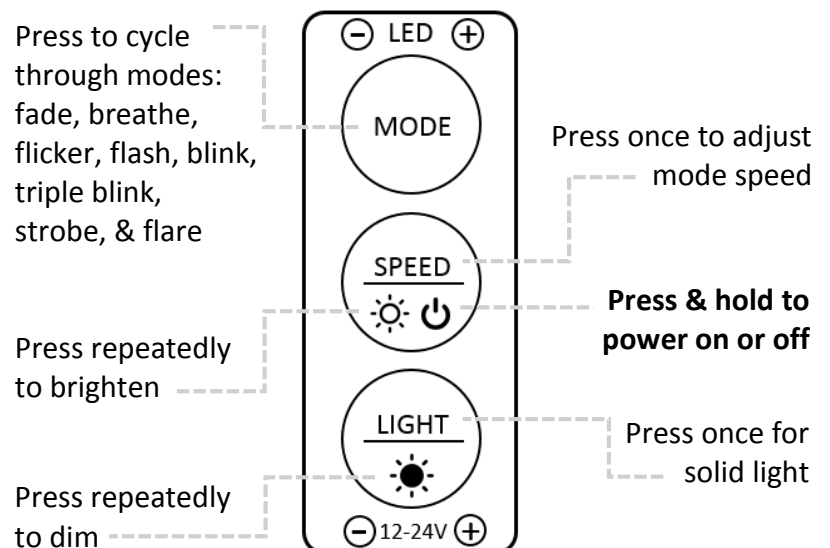

Input/Output – 9VDC
Total Length- 11.5”
Net Weight- 8g
Max Load- 3 Amps
Connector Size- 3.5 x 1.3mm
DC jack to 9V snap terminal

Compatible with standard 9V batteries or battery cell packs with 9V snap terminal

Inspired LED's **9-Volt Battery In-Line Controller** is a convenient accessory which allows our LED panels and strips to be easily powered and controlled from a nine volt battery. Ideal for creative “on-the-go” lighting applications, this unique device brings the freedom of battery power to the world of energy-efficient LEDs!

Instructions:

1. Secure LED lights in place according to their instructions
2. Connect switch to LEDs by plugging male jack into the female end of your LEDs
3. Snap 9-Volt battery on to end connector to provide power
