

SCHEMATIC

Specifications:

Contact rating:
Contact resistance:

0.35A, 30V DC 20mOhm max. 100MOhm min.

Insulation resistance:

500V, 50Hz for the duration of 1 minute

Dielectric strength: Operating temperature:

-10°C to +70°C

Storage temperature: Mechanical life:

-30°C to +85°C 10 000 cycles min.

Soldering conditions:

auto-soldering: 240°C max., 5sec. max.

Timing:

shorting

Material:

Contacts: copper alloy, silver plated over nickel

Housing: plastic
