Plier for mounting FLEXIMARK® stainless steel marking with FLEXIMARK® Stainless steel cable ties.

Technical data:

Measure:	178x140x29mm
Cutting width (cable ties):	≤7,9mm
Cutting thickness (cable ties):	≤0,3mm
Guaranteed amount of pulls:	2000
Colour:	Grey

Other product data:

ETIM Classification:	EC000453

Advantages:

FLEXIMARK® Cable tie plier makes mounting of cable marking with FLEXIMARK® Stainless steel cable ties (coated or uncoated) much easier.
Automatic cutting function makes mounting more efficient.
Adjustable tension force gives you possibility to adjust how tight the cable ties should be mounted.
FLEXIMARK® Stainless steel cable ties are available in FLEXIMARK® assortment.

Mounting:

By pulling the handle you tighten the cable tie around the cable.
When the cable tie is tight enough, the cable tie plier cuts the cable tie automatically.
By adjusting the traction force you can easily adjust the right force for the cable.
