Surface Mount Hyper abrupt Varactors

Features

- Surface Mount Packages
- High Quality Factor
- Capacitance Ratio to 9.5:1
- Tape and Reel Packaging Available
- SPC Monitored Ion Implantation for Excellent
- C-V Repeatability
- Singles and Common Cathode Pairs
- Lead-Free (RoHS Compliant)

Description

M/A-COM's MAVR-000400 series are ion-implanted, hyperabrupt junction, silicon tuning varactors in the SOT-23 surface mount package. These thermal oxide passivated diodes feature high capacitance ratio and quality factor. They are well suited for octave bandwidth tuning in the HF to UHF frequency bands. The standard capacitance tolerance is \pm 10%, with tighter tolerances available. Capacitance matching at one or more bias voltages is also available. These diodes are supplied with 100% matte Sn plating.

Applications

The MAVR-000400 series tuning varactors are useful for octave bandwidth tuning applications in the HF through UHF ranges. Applications include VCOs and voltage tuned filters in radios, cable TV tuners and test instruments where low cost and excellent lot-to-lot repeatability are critical. Linear tuning performance is available from 3 to 8 volts.

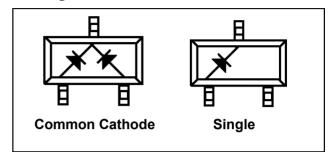

Absolute Maximum Ratings 1,2 @ T_A=+25 °C (Unless Otherwise Noted)

| Parameter | Absolute Maximum | | |
|-------------------------|-------------------|--|--|
| Reverse Voltage | 22V | | |
| Forward Current | 50 mA | | |
| Total Power Dissipation | 250 mW | | |
| Operating Temperature | -55 °C to +125 °C | | |
| Storage Temperature | -55 °C to +125 °C | | |

1. Operation of this device above any one of these parameters may cause permanent damage.

 Please refer to application note M538 for surface mounting instructions

Surface Mount Hyper abrupt Varactors

Mounting Information

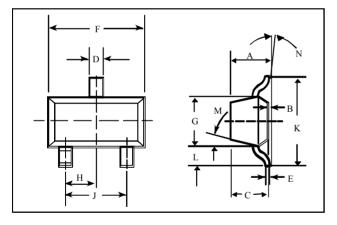

The illustration indicates the recommended mounting pad configuration for the SOT-23 package. Permanent attachment is performed by a reflow soldering procedure during which the tab temperature does not exceed +275 °C and the body temperature does not exceed +260 °C, using RoHS compliant solders

Please refer to Application Note M538 for surface mounting instructions.
