(BOTH PICTURES ARE APPROXIMATELY ACTUAL SIZE)

ORDERING INFORMATION

DS1404+ includes adhesive tape
+Denotes a lead(Pb)-free/RoHS-compliant product.

DESCRIPTION

With handheld equipment functioning as an iButton reader/writer one often faces the problem of finding a place for the probe when it is not used. The DS1404 Touch and Hold Probe Cable Cradle solves this problem. In addition to that, it converts the handheld equipment into a compact single-unit reader/writer for iButtons if the probe is firmly inserted into the cradle.

The DS1404 comes with double-sided adhesive tape. For best results, clean and dry the surface of the object where the DS1404 is to be mounted.
