

NPS-30W

NPS-30W is Neutrik's answer to increasing demand for PoE injectors. It is the world's first PoE injector made for harsh stage conditions, with lockable power and network connectors. NPS-30W is a convenient companion for any PoE application, not just Neutrik's network products.

Features & Benefits

- Perfect use with Neutrik network devices, such as the NA2-IO-DPRO, etc.
- Lockable power and network connectors
- 30 W PoE budget
- 48 V DC power output
- For use with any other network device, that requires PoE supply
- Heavy duty PoE supply for rugged stage conditions
- 1 Gbps speed
- Different mounting options (rack, truss, floorbox, table mounting)

As a passive Power Sourcing Equipment device, NPS-30W acts like a classic power supply, requiring no power negotiation with attached powered devices. NPS-30W's total power budget of 30W allows it to simultaneously power, for example, up to 4 NA2-IO-DPROs in daisy-chain mode, making NPS-30W ideal for various scenarios such as ambient miking.

All available mounting accessories for Neutrik's network devices - for rack, truss, floorbox, and table mounting - are compatible with NPS-30W.

Ordering Information

ORDERING INFORMATION	
NPS-30W-B	NPS-30W + power cable (3 m; NEMA5 / Plug Type B) 
NPS-30W-F	NPS-30W + power cable (3 m; Schuko / Plug Type F) 
NPS-30W-G	NPS-30W + power cable (3 m; BS1363 / Plug Type G) 
NPS-30W-J	NPS-30W + power cable (3 m; SEV1011 / Plug Type J) 
NPS-30W-WOC	NPS-30W without power cable
