

# Snap Strips

## For Mounting Miniature MPJ Panel Jacks

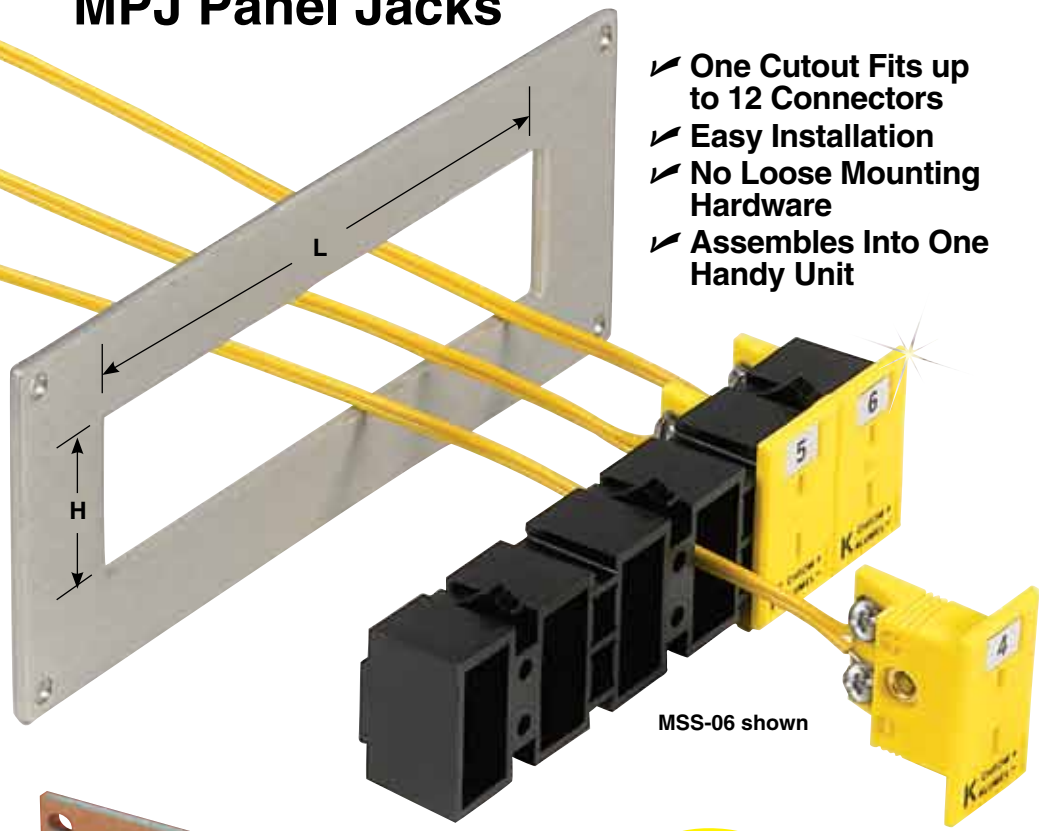

**Snap In!  
Up To 12  
Positions**

- ✓ One Cutout Fits up to 12 Connectors
- ✓ Easy Installation
- ✓ No Loose Mounting Hardware
- ✓ Assembles Into One Handy Unit

### MSS Series

The Snap Strip is an alternate mounting method when two or more miniature panel jacks are to be installed in a row. Only a single rectangular opening is required to mount any even number of connectors. Just snap the MPJ connectors in and then snap the assembly into the panel. The black nylon Snap Strip accepts all calibrations of MPJ connectors.

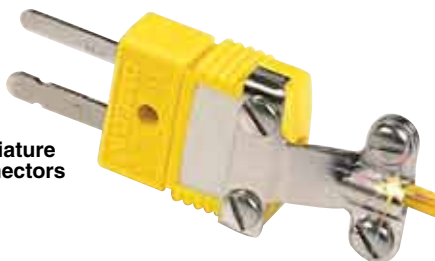

MSS-06 shown

Aluminum Panel and Miniature Connector Jacks Shown are Not Included

For complete miniature panel jack assemblies see [omega.com/](http://omega.com/).
