# Organization Solutions Made by PARAT.

**Perfect craftsmanship starts with perfect preparation. For this reason, industry experts worldwide count on the Premium tool cases made by PARAT.**

**Master of their trade**

Our high-quality, durable, and functional organizer solutions create the basis for excellent results – and make your work more efficient and pleasant. So why settle for a compromise?

### BEST PARAT QUALITY
**Durability that impresses**

We only count on the most durable materials and best workmanship for our high-quality tool cases.

### FUNCTION & DESIGN
**Practicability that is plain to see**

A perfect combination: Sophisticated functionality and an exclusive design go hand in hand at PARAT – in every detail.

### ORGANIZATION WITH A SYSTEM
**Inner values that impress**

Everything at its place: With our patented and well-established organizer system, long searching is a thing of the past.

### INDIVIDUAL SOLUTIONS
**Delightful diversity**

From carpenter to electrician, plumber to IT expert – the individual case solutions made by PARAT cover a variety of application areas.

### SUSTAINABLE SERVICE
**Solutions that move you ahead**

From the lifetime warranty for our Premium tool cases to personal consulting by PARAT experts: You can always count on us – and that's a promise.

## QUICK PRODUCT FINDER

# Clearly Arranged. Compact. Informative.

**We are aiming at making our customer's work life more effective and comfortable with our products.**

Selecting the right tool case should be quick and simple. The extensive PARAT product portfolio offers the right case for every application and every trade. To make finding your organization partner as easy as possible, we provide helpful features for a better overview and orientation:

**FEATURE DETAILS:**
**Overview tables offer clarity: Features offered in the tool case.**

New product names offer immediate information regarding feature details and size of the tool case. The additionally integrated overview table also provides the tool case content at a glance. From Mini to King-size and from standard to fully loaded, here you can find your personal PARAT tool case customized to your needs.

**ICONS:**
**Product features at a glance.**

Self-explaining icons point out our attractive product features directly. You can view product size, quality, and features at a glance. The icon explanations can be found in the fold-out key on the last page of the catalog. Why not fold open the icon key now?

# Hard Shell, Secure Core.

**These indestructible tool cases have it all! The EVOLUTION series made by PARAT introduces even more stability and security paired with a sophisticated design into day-to-day work.**

This is made possible by the LFI production process known from the automotive industry. Here, PX-ABS plastic for the case shells is back-foamed with polyurethane. This innovative production method ensures extreme robustness and impact resistance. The EVOLUTION tool cases keep their cool even with rough handling and tough conditions – the contents remains securely protected. Unique at PARAT and on the entire tool case market.

## Features at a glance

**PLENTY OF SPACE:**
With a volume of 45 or 65 liters, the EVOLUTION models offer extra storage space.

**FOREVER AND EVER:**
PX-ABS plastic with glass fiber reinforced polyurethane makes the case shells nearly indestructible.

**IT CANNOT BE MORE COMFORTABLE:**
4-part telescopic mechanism made of powder-coated aluminum with 970 mm extension height.

**ESPECIALLY PRACTICAL:**
The special trolley-connection allows rolling, even if the case is open with extended telescopic handle.

**SMOOTH ROLLING AT ITS BEST:**
Rubberized and ball-bearing mounted castors, as well as the wide wheel base.

**IF THERE IS EVER ANY NEED:**
Hinges, handles, etc. are screwed on. If need be, the user can replace parts himself.

**VARIABLE USE:**
By lowering the handle into the lid, the case can be used as work surface, seat or handcart.

## PATENTED ORGANIZATION

**The CP-7 holder system developed and patented by PARAT is particularly flexible and holds tools reliably, even if the bag is turned upside down.**

This ways, experts can always relay on their organization and be sure that every tool remains in its place even during particularly challenging tasks. This is ensured by a special system rail, to which different tools can be clamped.

CP-7 TOOL HOLDER

# Patented Organization.

# Our Classic – Really Classy!

**Some things simply can't be improved. Such as the tool cases from the PARAT CLASSIC series.**

They are inherently stable, hold up to 30 kg, are made of sturdy X-ABS plastic or aluminum, and are well equipped for all (craftsman) cases. It is therefore hardly surprising that these bestsellers capture any crafts-man's heart. Whether you are a service employee, caretaker, carpenter, or electrician – the CLASSIC models from PARAT are real all-rounders for all professional users.

**TSA LOCK®***
Your secure way through the luggage screening system!

## CLASSIFIED CONTENT

# Comfort and Security on the Go!

**Specific closing systems for individual requirements:**

Be on the safe side and protect the content of your case against thieves during air travel or day-to-day work.

**Combination lock*:**
Set a personal number combination and secure the content of your tool case.

**TSA LOCK®*:**
Luggage fitted with a TSA LOCK® lock can be opened and checked by security authorities without damage.

* TSA LOCK® or combination lock optionally available model-dependently.

# A Good Item for Hard Work.

**Everything has its place: Screws, pliers, measuring devices and more. In short: The compact tool cases from the SILVER series are perfect companions for light and heavy manual jobs.**

But that is not enough: The SILVER models also score with their outstanding price-per- formance ratio. What else do you need?

## Features at a glance

**LONG LIVE THE SILVER TOOL CASE:**
Made possible by case shells made from sturdy ABS plastic.

**WITHSTANDS (ALMOST) EVERYTHING:**
Aluminum frame with a maximum load of 20 kg.

**THIS MUCH IS TRUE:**
Practical barrel locks protect the content of the case against theft.

**ASSISTANCE PURE:**
The tool case remains always open when needed thanks to lid supports.

**THEY DELIVER ON THEIR PROMISE:**
Durable boards made of Con-Pearl® that can we wiped off.

**PROVEN AND ROBUST:**
Sturdy, sewn in pockets for tools.

# A Portable Concept.

**Tough fellows – and still light-weight assistants: The tool bags from the PARACURV® series are extremely deformable, robust and impress with a maximum of carrying comfort.**

The flexible lightweights score with their sophisticated interior and new, fresh design. This is versatility.

## Features at a glance

**TAKE IT EASY:**
A low own weight and up to 60 % weight reduction.

**HAVING EVERYTHING HANDY IS EVERYTHING:**
Simple transport thanks to continuous carrying bar and/or carrying strap.

**INDESTRUCTIBLE:**
The PARACURV® models survive even the hardest day-to-day routine of craftsmen.

**EVERYTHING IN DRY CLOTHS:**
100 % resistant against humidity.

**THEY DELIVER ON THEIR PROMISE:**
The tool boards made of Con-Pearl® can be wiped off and are extremely durable.

**A FINE DETAIL:**
Integrated floor gliders protect even sensitive surfaces.

**AGONY OF CHOICE:**
Individual organizer solutions, from CP-7 to chisel holder, offer greatest possible flexibility.

# Traditional Organizer!

**A craftsman uses his tool bag all the time, day after day. So, it is clear that it is often treated roughly and must withstand quite a lot.**

For this reason, the TOP LINE tool bag was developed together with professional users who know, what is important: A robust tool bag that withstands dirt, scratches and bumps, and simply looks good.

## Features at a glance

**TOUGH PERFORMER:**
The extra thick, embossed leather is even more durable thanks to the aluminum edge reinforcement.

**CLEARLY ARRANGED SMALL PARTS MANAGEMENT:**
The practical drawer pockets are optimum organizers for small parts as well as large tools.

**NO HEAVY ARMS EVER AGAIN:**
Ergonomic handles with grip recesses and sturdy metal handle rail allow for fatigue-free carrying.

**SECURE IS SAFE:**
The TOP LINE tool bags are available with snap-in and plug locks.

**CAN BE TAKEN ANYWHERE:**
Thanks to protecting, integrated floor gliders.

**THEY LAST FOREVER:**
Durable panels made of Con-Pearl®.

**ORGANIZATION FOR EVERYBODY:**
CP-7-tool holder system individually adaptable, sewn in pockets or loops.

**Quality**

# Premium Tool Bags

## BEST PARAT QUALITY
## DURABILITY THAT IMPRESSES

### Quality in the detail

If top quality is expected from you on a daily base, you must be able to count on the top quality of your equipment. For this reason, we do not only use highest quality, most durable materials for our case and transport solutions, but do not compromise on workmanship either.

# Functional Customer Solutions!

## INDIVIDUAL EQUIPMENT SOLUTIONS

With our comprehensive product portfolio, we offer a variety of functional organization systems for tool cases. We cover diverse areas of application – whether trade, industry, technical sales force or service technicians, everybody is equipped perfectly thanks to our individual problem solvers.

**From pliers to laptop:**

PARAT develops mobile, customized case and transport solutions that can even integrate VDE-conform IT and electronics components without problems.

✓ Charging
✓ Synchronizing
✓ Transporting
✓ Storing

PARAT products not only impress with their inner values. Their appearance is amazing as well: custom design, color and material. Furthermore, numerous customization options are available. For example, you can integrate your company logo on the case of your choice. To be totally honest: What else do you need?

✓ Branding
✓ Innovative materials

YOUR

DESIGN

# Practically Ingenious Ingeniously Practical!

## Features at a glance

**STYLISH AND ROBUST:**
Embossed leather, partly reinforced by aluminum brackets.

**FOR A COMFORTABLE CARRYING EXPERIENCE:**
Sturdy handles, partly with metal grip rail.

**THEFT PROTECTION:**
Snap-in or plug locks secure the content of the case.

**SCRATCH PROTECTION:**
Integrated floor gliders protect even sensitive surfaces.

**ORGANIZATION MADE EASY:**
Everything is handy thanks to proven interior fitting.

**CONVINCING:**
Content remains dry thanks to increased humidity resistance.

**The tool bags from the NEW CLASSIC series have been tried and tested for decades.**

The embossed leather provides a sophisticated appearance. The proven interior fitting ensures that you will not waste any time looking for something. When using such a tool bag, you can enjoy the support of a reliable companion.

# Lightweight and Good Value!

**The right choice for cost-conscious experts who prefer lightweight luggage.**

Our tool bags from the CLASSIC LIGHT series already fascinate at the time of purchase with their optimum price-performance ratio. Thanks to the low own weight, they can be easily handled, making them a good choice for daily use. Lid and front panel are made of extremely sturdy industrial leather. The side panels are made of ABS plastic, and rear panel and bottom are made of ConPearl®. The centered plug lock ensures easy operation and securely protects the content.

## Features at a glance

**SPORTY LIGHTWEIGHT:**
The CLASSIC LIGHT series made of embossed grained industrial leather in combination with ABS side panels and ConPearl® bottom/rear panel.

**DURABLE:**
Partly reinforced by aluminum brackets.

**OPTIMUM CARRYING COMFORT:**
Thanks to sturdy handles.

**EASY OPERATION:**
Due to centered plug lock.

**EVERYTHING IS CLOSE AT HAND, WITHOUT LOOKING TWICE:**
Thanks to proven interior fitting.

**OPTIMUM PROTECTION:**
Increased humidity resistance ensures a dry content.

**A PURCHASE THAT IS WORTH IT:**
Top price-performance ratio.

# Organizing Made Easy!

**Don't waste any more time dealing with odds and ends. Let the PROFI LINE do it for you.**

In the feather-light boxes with integrated compartments for small parts, all your screws, nails, dowels as well as larger tools will have their place. Using the practical, removable carrying tray, a selection of tools can be easily transported separately.

## Features at a glance

**RESISTANCE:**
High-quality plastic cover resistant against oils and chemicals.

**THEFT PROTECTION:**
Integrated fitting for padlock.

**PRACTICAL:**
Available in different sizes.

**COMFORT:**
Integrated handle guarantees carrying comfort with interlock function in the lid.

**ORGANIZATION:**
Integrated small parts cabinet and carrying trays inside boxes for all storage needs.

**ADVANTAGEOUS:**
Large-volume container with castors.

# Perfect Protection!

PARAT offers individual and tailor-made tool protection systems – from optimum layout concept for the respective tools to production of the foam inlays. This way, even sensitive tools, such as test and measuring devices, are ideally protected and handy at all times.

# Timeless, Elegant Design!

**The cases from the PARADOC product series impress with their unique functionality and design, inside and outside.**

This makes them ideal companions in your business and presentation meetings. They impress with their clever organizer system, with documents, laptop or tablet securely stored and transported.

## Features at a glance

**COMFORT:**
Ergonomic handles with grip recesses for fatigue-free carrying.

**SAFELY STORED:**
Thanks to PARAT combination locks and/or lockable locks.

**PROTECTION:**
Integrated floor gliders to protect case from scratches.

**ORGANIZATION:**
Integrated organization system securely transports and stores documents and laptop.

# Light with a System.

**Professional safety lamps from PARAT**

PARALUX® CERTIFIED LIGHTING and PARAT X-TREME® PROFESSIONAL LIGHTING – two light series, one goal: sturdy, functional, and manageable lights according to modern standards and at the same time, the best possible luminosity. The PARALUX® lights are real all-rounders with innovative technical features, combined with Ex protection following ATEX and IECEx (gas and dust), allowing use also near fire, gas or high heat areas. If no Ex protection is necessary, then try the brand new PARAT X-TREME® PROFESSIONAL LIGHTING series. Because even here you shouldn't have to do without water-, dust- and airtightness as well as impact resistance. Proven quality from the Ex protection program, which delights with even more luminosity.

## Safe lighting for professional users:

**PARALUX®**
· Fire departments
· Disaster control
· Military
· Police
· Security technology
· Industry

**PARAT X-TREME®**

# The Helmet Mount Innovation!

**The revolutionary helmet mount PARASNAP®.**
**Uniquely appealing. Simply functional!**

An unbeatable combination of magnetic connection and mechanical locking. The mounting system consisting of a base (helmet mount or belt clip) and the SNAP-IN allows for the flexible adjustment of the beam through a fine hinge lock. It is possible to quickly mount and remove the mount when the helmet is on with only one hand.

### PARASNAP®
### Helmet mount base left

6.902.040.151 *

**Helmet mount, base for left-hand mounting**

· Base holder left for PX1, X1, PX2, and X2
· Requires SNAP-IN1 (PX0, PX1, X1) or SNAP-IN2 (PX2, X2)
· For almost all common DIN helmet types, such as DRÄGER, SCHUBERTH, ROSENBAUER, CASCO, etc.

| | |
|---|---|
| **Dimensions** | approx. 35 x 60 mm |
| **Weight** | approx. 60 g |
| **Material** | glass fiber reinforced polyamide and VA sheet metal (2 mm), 2 round-head screws M5 x 8 mm |

### PARASNAP®
### Helmet mount base right

6.902.041.151 *

**Helmet mount, base for right-hand mounting**

· Base holder right for PX1, X1, PX2, and X2
· Requires SNAP-IN1 (PX0, PX1, X1) or SNAP-IN2 (PX2, X2)
· For almost all common DIN helmet types, such as DRÄGER, SCHUBERTH, ROSENBAUER, CASCO, etc.

| | |
|---|---|
| **Dimensions** | approx. 35 x 60 mm |
| **Weight** | approx. 60 g |
| **Material** | glass fiber reinforced polyamide and VA sheet metal (2 mm), 2 round-head screws M5 x 8 mm |

### PARASNAP®
### Belt bracket base

6.902.044.151

**Belt bracket made from cowhide with universal PARASNAP® Base**

· Additionally needed is SNAP-IN1 (PX0, PX1, X1) or SNAP-IN2 (PX2, X2)
· Belt loop for belt width up to 55 mm

| | |
|---|---|
| **Dimensions** | approx. 90 x 70 mm |
| **Weight** | approx. 35 g |
| **Material** | cowhide and glass fiber reinforced polyamide |

### PARASNAP®
### Light holder SNAP-IN 1

6.902.042.151

**Attachment clip (only) for PARAT lights PX0, PX1, and X1**

· Magnetic counterpart to PARASNAP® Base left, right or belt bracket
· The holder is simply clicked onto the side of the light body

| | |
|---|---|
| **Dimensions** | approx. 50 x 40 mm |
| **Weight** | approx. 11 g |
| **Material** | glass fiber reinforced polyamide |

### PARASNAP®
### Light holder SNAP-IN 2

6.902.043.151

**Attachment clip (only) for PARAT lights PX2 and X2**

· Magnetic counterpart to PARASNAP® Base left, right or belt bracket
· The holder is simply pushed over the light body from the back

| | |
|---|---|
| **Dimensions** | approx. 35 x 30 mm |
| **Weight** | approx. 10 g |
| **Material** | glass fiber reinforced polyamide |

### PARASNAP®
### Strap

6.902.046.151

**Helmet mounting, fastening strap with integrated PARASNAP® Base**

· Additionally needed is:
  · SNAP-IN1 (PX0/PX1/X1) Art. no.: 6.902.042.151
  · Or SNAP-IN2 (PX2/X2) Art. no.: 6.902.043.151
· Compatible with PX0/PX1/X1/PX2/X2

| | |
|---|---|
| **Dimensions** | Base approx. 35 x 60 mm |
| **Weight** | Base approx. 60 g |
| **Material** | polyamide, EPDM |

* New PARASNAP® Base available starting from fall 2016:
  Certified according to EN 443/2008. Compatible with helmets of the Dräger, Schuberth, Rosenbauer, and Colsman AL-EX brands. Our PARAT office representative is always happy to give you advice! Contact us!

# Maximum Power.

**Compact safety lights for use in industry and trade.**

They impress with their functionality: With a luminosity of up to 170 Lumen*, the user can conveniently turn the rear switch on or off between 100 and 15 percent light intensity in one easy movement. Furthermore, safety lights meet the usual PARAT quality standards – sturdy, water-, air- and dust-tight as well as impact resistant. With their compact, practical design, they are recommended for outdoor use, building services, maintenance, trade, and industry.

## The PARAT X-TREME® features at a glance:

**DURABLE:**
100% water- and dust-tight according to IP 68

**OUTPUT:**
Luminosity up to 170 Lumen*

**RANGE:**
Lighting range up to 200 m

**COMPATIBLE:**
With almost all helmet mounts and PARASNAP®

**EASE OF USE:**
Rear switch for one-handed operation, including light intensity switch (100 %/15 %)

**MATERIAL:**
Non-conductive plastic (gas group IIB)

**COLORS:**
○ White  ● black  ● blue

# Tools for Sales Professionals:

**PARAT counts on user-friendly online media and customer-oriented service.**

From product finder to aftersales services to close partnerships with local retailers. PARAT supports continuously with attractive promotions and ideas to boost your sales.
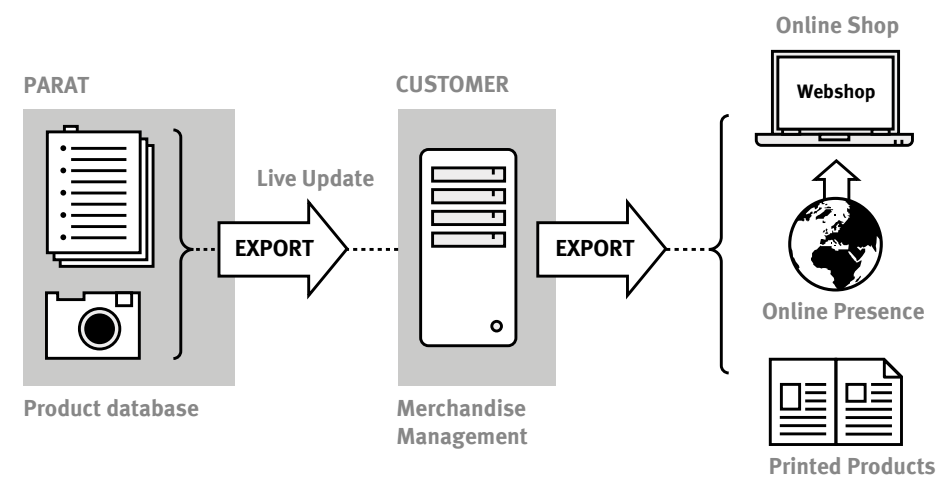

## 2. The way to the right case ...

... is easier than ever. At **werkzeugkoffer.de**. If so desired, we can also show you the right local retailer.

## 1. Our product catalog in your merchandise management

PARAT offers product information in electronic form – for the merchandise management system of the local retailer as well as online shops.

**The electronic PARAT product catalog:**

· Electronic catalog according to the BMEcat format
· Simple integration into the merchandise management system
· Can be exported into all common database formats
· Automated database synchronization
· Online shop conform formats AGES, Ingres, and Storgate 2.0
· Image material "serve as you please"

## 3. For our retailers ...

... we also have a lot of things prepared online. Information regarding ongoing promotions, a download area for flyers and promotions as well as a PDF generator for custom flyers, POS and merchandising actions. In short: the ideal support for every PARAT retailer.

**Retailer login:**

· Brochures and information material for customization
· Pricing information
· Current information on products and promotions
· Premium programs

## 4. PARAT HANDS:ON

PARAT counts on close partnerships with our retailers. Both partners can grow and benefit from mutual support. With this in mind, PARAT initiated the HANDS:On program. Please contact your sales representative or the PARAT sales staff regarding further information.

# Point of Premium.

**Proper presentation of Premium products**

PARAT stands for quality, organization, functional-ity, durability and high-quality materials. Retailers can benefit from this positive brand image with a specially designed Point-of-Sale portfolio, and boost their sales.

POS shelving systems, counters, and promotional displays offer effective support, as they capture the attention of the end customer and assist them in making their choice.

You can find an overview of the entire POS offering in the retailer section on our company website www.werkzeugkoffer.de!

### SOLUTIONS THAT MOVE YOU AHEAD

**Premium products, Premium service**

We at PARAT take Premium quality personally. Your benefits: excellent service with professional consultation, lifetime product warranty, and – just in case – a sophisticated spare parts system. With that, your tool case always remains your trusted companion. For life.

## Premium Products. Premium Service.
