

## **New Product Announcement**

### EX-6301B

#### **Your Laptop Security Solution Safe and Accessible**

Our new EX-6301B is a 19" rack mountable locking laptop drawer that's ideal for keeping your laptop secure yet accessible while on the road, on tour, on set, on location or anywhere where extra security is required.

Perforated holes in the top and bottom panels assist either when passive or active cooling is used within the rack. The laptop drawer has an internal depth of 338mm/13.31" and an overall depth of 453.5mm/17.86". Standard finish black, other colors are available and may require a minimum order
