The SONAR PRO gaming microphone is the ideal equipment for recording sound. It has a built-in pop filter to prevent sound distortion and an anti-shock cage protecting against recording accidental impacts on a desk or tablet. A convenient on/off button on the microphone gives you control of the unit without having to unplug it from your computer or console. In addition, the built-in soundcard and cardioid microphone characteristics make it ideal for streamers, online gamers, or podcasters. What's more, it is a plug & play device. It works as soon as you connect it into a computer or a laptop. In addition, the 1.8m USB cable ensures convenience and comfort.
