| Rated Voltage                          | 32 - 220 VAC                  | Resistance to Vibration   | acc. to IEC 60068-2-6, test Fc |  |
| Rated current                          | 0.02 - 20A                    | Shocks  | acc. to IEC 60068-2-27         |  |
| Breaking Capacity                      | 60 A - 300 A                  | Bumps   | acc. to IEC 60068-2-29         |  |
| Characteristic                         | Quick-Acting F                | Salt Mist   | acc. to IEC 60068-2-11         |  |
| Mounting                               | Fuseholder / Clip             |   |                                |  |
| Admissible Ambient Air Temp.           | -40 °C to 70 °C               |   |                                |  |
| Climatic Category                      | 40/070/56 acc. to IEC 60068-1 |   |                                |  |

### **Approvals and Compliances**

Material: Tube

Unit Weight

Material: Endcaps

Storage Conditions Product Marking

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

#### **Application standards**
