

## Techclean Microfiber Wipe Product# 2363

### Product Description

Cleans and polishes glass or plastic. Ideal for removing fingerprints and light oils without the use of solvent cleaners.

For cleaning and preparing smooth surfaces such as glass, polycarbonate, stainless and similar nonporous surfaces without danger of scratching or etching.

Microfiber wipes are considered lint free and can be washed and reused countless times. Do not use fabric softener.

### Features / Benefits

- 80% polyester, 20% nylon
- Cleans & polishes glass or plastic
- Low-linting
- Washable (avoid fabric softener)

### Applications

- LCD displays
- Chrome and other polished metal
- Polished plastic (e.g. ABS used in consumer electronics)
- Glass

### Environmental Policy

Techspray® is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.

### Resources
