

Type M Series

Key Features

- **Cermet Element**
- Proven Reliability
- **2W Power Rating**
- **Strong Construction**
- Sealed to Military Standard
- Panel Sealed (MC1)
- **Rugged Terminations**

This is one of TE Connectivity's most popular ranges and is available with cermet resistance elements. This choice means that components offer excellent electrical and thermal stability, reliability, low noise and long life which makes them most suitable for the majority of professional applications.

The MC Series is used in the Tornado Project and is the standard single turn general purpose panel control used for most military applications in the UK and in Europe.
