

Agastat | Agastat GP Series

TE Internal #: 1423155-3 Agastat GP Series, Signal Relays, 120VAC Contact Voltage Rating, 6mW Signal Relay Coil Power Rating (DC), Socket, Plug-In View on TE.com >

Relays, Contactors & Switches > Relays > Signal Relays

Contact Voltage Rating: 120 VAC Signal Relay Coil Power Rating (DC): 6 mW Signal Relay Mounting Type: Socket Signal Relay Terminal Type: Plug-In Signal Relay Coil Voltage Rating: 48 VDC

Features

Product Type Features

Relay Style	Power
Product Type	Relay
Relay Type	Control

Electrical Characteristics

Actuating System	DC		
Input Voltage	48 VDC		
Coil Type	Monostable		
Contact Voltage Rating	120 VAC		
Signal Relay Coil Power Rating (DC)	6 mW		
Signal Relay Coil Voltage Rating	48 VDC		
Signal Relay Contact Switching Voltage (Max)	120 VAC		
Signal Relay Coil Magnetic System	Monostable, DC		
Contact Features			
Signal Relay Terminal Type	Plug-In		
Signal Relay Contact Current Rating	10 A		
Signal Relay Contact Arrangement	4 Form C (4PDT)		
Contact Number of Poles	4		
Termination Features			

C For support call+1 800 522 6752

Solder Process Capability Not applicable for solder process ca	Not applicable for solder process capabili

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked.Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulations, TE's information on SVHC in articles for this part number is still based on the European Chemical Agency (ECHA) 'Guidance on requirements for substances in articles' (Version: 2, April 2011), applying the 0.1% weight on weight concentration threshold at the finished

Agastat GP Series, Signal Relays, 120VAC Contact Voltage Rating, 6mW Signal Relay Coil Power Rating (DC), Socket, Plug-In

product level. TE is aware of the European Court of Justice ruling of September 10th, 2015 also known as O5A (Once An Article Always An Article) stating that, in case of 'complex object', the threshold for a SVHC must be applied to both the product as a whole and simultaneously to each of the articles forming part of its composition. TE has evaluated this ruling based on the new ECHA "Guidance on requirements for substances in articles" (June 2017, version 4.0) and will be updating its statements accordingly.
