## PART NUMBERING

## APPLICATION

- These adaptors are designed to be mounted on the following connectors:

## MIL-C-38999 Series I and II

- They are qualified to the Raychem specification RB-114, when installed on metallic Mil-Specification circular connectors only.
- They are designed for wire bundle installations having an overall braid terminated by means of a Tinel-Lock ${ }^{\text {TM }}$ ring $^{*}$.
- They are also designed to accept Raychem heat shrink moulded parts where strain relief is required - see illustrations.

- Use in conjunction with the ferrules HET-A-OXX, which are purchased separately. Refer to HET-A-OXX S.C.D. for relevant selection details.
-     * Refer to TR S.C.D. for further information on Tinel-Lock ${ }^{\text {™ }}$ rings.

## INSTALLATION

- See Installation Procedure RPIP-696-04.

## PACKAGING

- All components are supplied in a plastic bag.

| tycr <br> Electronics | Product Brand: <br> Raychem <br> 300 Constitution Drive <br> Menlo Park, CA 94025, USA | TITLE: <br> HEXASHIELD ADAPTOR FOR CODE 41 CONNECTORSTINEL CLAMPING NUT |  |  |

## NOTES!

1. Item 4 - Star - is not supplied with Hexashield Order Number 09.
2. The DS option, illustrated below, is for a Drilled Star that is available on sizes 15 to 25 only. This option is to allow unshielded wires to pass through the assembly.

| STAR SIZE | 15 | 17 | 19 | 21 | 23 | 25 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| $\varnothing$ H MAX | 3.0 | 6.0 | 9.0 | 12.0 | 15.0 | 18.0 |
|  | $\left[0.12^{\prime \prime}\right]$ | $\left[0.244^{\prime \prime}\right]$ | $\left[0.35{ }^{\prime \prime}\right]$ | $\left[0.47^{\prime \prime}\right]$ | $\left[0.59^{\prime \prime}\right]$ | $\left[0.71^{\prime \prime}\right]$ |

3. Where the ferrule quantities required are standard, the item 4-Star - is also standard.

If the optional quantity is selected then 2 items 4 will be supplied - one "split" and the other one standard*, See below for illustration.

EXAMPLE: FERRULE QUANTITY CODE -A13
$-A 13=-A 10$ SPLIT STAR $+-A 3$ STANDARD STAR

* On Order Number 19 only, the Optional Ferrule quantity of 8 uses a "standard" star also.

4. Assembly is to be permanently marked with Code Identity Number and Part Number. (e.g. 06090 HEX41-AB-00-21-A9-2)
