

# TTMS (-MP) and TTMS-2X HEAT SHRINK IDENTIFICATION SYSTEM

# **Technical Datasheet**

TTDS-050 Revision 6 - June 2021

# TTMS Military Grade, Heat Shrink Identification tubing, for the identification of wire and cables.

Made from durable, flame retarded, radiation cross linked heat shrinkable polyolefin. Supplied in 'Continuous', format for ease of printing and kitting.

TTMS and TTMS-MP is a thin wall, light weight, fast recovery 3:1 shrink ratio sleeve, allowing the customer to cover a wide range of cable diameters. –MP (**M**ore **P**uffy) tube has a more open profile to aid installation.

TTMS-2X is a thicker, rugged wall, 2:1 shrink ratio sleeve, which can aid with handling and installation.

Suitable for a wide variety of applications, including aerospace, military, industrial and energy. Marker sleeves meet the mark permanence requirements of AS5942 and MIL 202 Method 215

TTMS and TTMS-MP meets the material performance requirements of the AMS SAE DTL 23053/5 specification. TTMS-2X is fabricated from AMS SAE DTL 23053/5 class 1 and 3 tubing.

TTMS and TMS-SCE Heat Shrink Identification products are available as part of a complete identification system. The system comprises specific printers, thermal transfer ribbons and WINTOTAL software.

PAGE 1

#### **Features**

- Self-extinguishing, non-flame propagating
- Resistant to key Military and Aerospace fluids (defined by RW-2511)
- Military grade performance
- Can be laser marked for superior performance
- Pre-termination Cable Identification
- Sleeve diameters from 2.4mm to 50.8mm (3/32 to 2inch)
- TTMS (3:1 Shrink ratio except 38.1 and 50.8mm)
- TTMS-2X (2:1 shrink ratio)

**Specifications / Approvals** 

#### **Temperature Rating**

• -55°C to 135°C (-67°F to 275°F)

### **Product Compliance**

TTMS fully complies with Directive (EU) 2015/863 (amendment to Annex II of EU RoHS 2 Directive 2011/65/EU), and Regulation (EC) number 1907/2006 (REACH)

• Further information and a downloadable declaration covering RoHS and REACH compliance can be found at the TE Product Compliance Support Centre:

http://www.te.com/usa-en/utilities/productcompliance.html

#### **Shelf Life**

Refer to TE document 408-121006
Cable Identification Shelf Life Document

#### Industry

#### **Printer Information**

Print quality and print performance can only be guaranteed when specific TE printer and ribbons are used.

The current list of printers and ribbons can be found in TE document 411-121005 'Identification Printer Product Ribbon Matrix'. This document can be found on the 'Printers, Software & Accessories' webpage:

https://www.te.com/usa-en/products/identificationlabeling/printers-software-and-accessories/printers.html? tab=pgp-story

#### **Software**

WINTOTAL software, available to download for a 14 day evaluation period from the Identification Printer Software page:

http://www.te.com/usa-en/products/identification-labeling/ printers-software.html
