

Non-Contact Current Detector

 **Locates current in hidden wires and cables up to 1000A**
With audible and visible detection

Features:

- Non-contact AC Current range is from 200mA to 1000A
- Locates current flow even where voltage detectors cannot work
- Detects through shielded wires, conduit and metal circuit breaker or junction boxes
- Sensitivity adjustment for locating wires/conduit through walls
- Ideal for locating hidden conductors
- Dimensions: 5.7 x 1.1 x 1" (145 x 28 x 25mm)
Weight: 1.6oz (45g)
- Complete with small size pocket clip and four LR44 button batteries

Applications:

- Locates wires in conduit
- Identify underground cables
- Trace low voltage HVAC wiring
- Detect leakage currents
- Find hidden wiring
- Verify energized AC solenoid and motors

Voltage check in a breaker

Ordering Information:

DA30Non-Contact Current Detector

X-ON Electronics

Largest Supplier of Electrical and Electronic Components
