#### 11 Toxicological information

- · Information on toxicological effects
- Acute toxicity:
- · Primary irritant effect:
- on the skin:
- on the eye:
- · Sensitization:

- No irritant effect. No irritant effect.
- *n:* No sensitizing effect known.
- Additional toxicological information: The product is not subject to classification according to the calculation method of the general EC classification guidelines for preparations as issued in the latest version: When used and handled according to specifications, the product does not have

when used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

# 12 Ecological information

Aquatic toxicity:	No further relevant information available.
Persistence and degradability	No further relevant information available.
· Behaviour in environmental syst	ems:
· Bioaccumulative potential	No further relevant information available.
· Mobility in soil	No further relevant information available.
Additional ecological informatio	n:
General notes:	Not known to be hazardous to water.
• Other adverse effects	No further relevant information available.

# **13 Disposal considerations**

- Waste treatment methods
   Recommendation Smaller quantities can be disposed of with household garbage.
