Marka: **Virone** | Symbol: **EM-1/B** | Ean: **5908254828348**

PRODUCT DESCRIPTION

Power meter is a device that helps to check consumption of electricity and to calculate the cost of the power utilized by a connected device (2 separate tariffs). Additionally, a large LCD display shows the current time, voltage, power ratio, frequency, maximum power load and an overload warning. The device can present the cost in 4 different currencies. The internal battery (2 × 1.5V LR44) maintains the device settings in the event of a power failure. Black color.
