

## THAR LED 7W A60, bulb with microwave motion sensor, 825lm, 4000K, E27

**VIRONE**Marka: **Virone** | Symbol: **SW/MV-5** | Ean: **5908254824135**

### PRODUCT DESCRIPTION

THAR LED a modern light source in shape of a bulb, equipped with SMD LED diodes, which guarantee high energy efficiency and long service life of the device. This product has rated power of 7W and emits light with luminous flux of 825lm. This product shines with a natural white color at a temperature of 4000K. Our LED bulb has a built-in microwave motion sensor, which allows to control other light source after motion is detected in the detection area, and when the ambient light is reduced to <20lux. The motion detection range is up to 10m. Lighting time, after detection of a motion is ca. 60 sec. The bulb has an E27 thread and does not require any

installation. Just install it in place of a standard bulb to automatically turn the lamp on and off.

## TECHNICAL DATA

### General information:

|  |                  |
|--|------------------|
| Lamp power:                                | 7 W              |
| Light source:                              | LED              |
| Lamp voltage:                              | 230 V            |
| Luminous flux:                             | 825 lm           |
| Colour temperature:                        | 4000             |
| Socket:                                    | E27              |
| Lamp shape:                                | Pear shape       |
| Lamp designation:                          | A60              |
| Glass colour:                              | Matt             |
| Energy efficiency class:                   | E                |
| Dimmable:                                  | No               |
| Durability:                                | 25000h           |
| Weighted energy consumption in 1000 hours: | 7 kWh            |
| Colour rendering index:                    | >80              |
| Light distribution angle:                  | 360°             |
| With motion sensor:                        | Yes              |
| Total length:                              | 108 mm           |
| Diameter:                                  | 60 mm            |
| Type of sensor:                            | microwave sensor |
| Detection range:                           | 10 m             |
