Designed, programmed, built and supported in the U.S. - fortified by locations worldwide.

Overview

Virtium's StorFly 18 SSDs are designed for the unique capacity, workload and product longevity requirements of a broad range of embedded systems. As rugged storage solutions, StorFly 18 products meet MIL-STD-810F standards for shock, vibration and altitude.

Virtium backs its world-class storage products with a three or five year warranty and delivers the longest product life cycles in the industry.

Applications

StorFly 18 SSDs are ideal for industrial automation, networking, server, blade and medical applications that require high performance in a form factor only 5mm high. They are ideal as replacements for hard-to-find 1.8" HDDs and can be used in lieu of 2.5" for easy hot swapping and service.

StorFly 18 SSDs are also used in many military and ruggedized portable computers.
