VTF (Standard)

# Conformal, Single In-Line Thin Film Resistor, Through Hole Network (Standard) 

Vishay Dale Thin Film resistor networks are designed to be used in analog circuits in conjunction with operational amplifiers. Engineers can use these circuits to achieve an infinite number of very low noise and high stability circuits for industrial, medical and scientific instrumentation.
This family of standard resistor networks will continually be expanded with new and innovative designs, and Vishay Dale Thin Film stocks most designs in house for off-the-shelf convenience. However, if you can not find the standard network you need, call applications engineering at (716) 283-4025, as we may be able to meet your requirements with a semicustom "match" for a quick delivery.
For standard networks with tighter specifications, or for custom networks, contact Applications Engineering at the above number. For a quick review of typical applications, request Vishay's guide to understanding and using thin film precision networks.

## SCHEMATIC

$R_{1}=R_{2}$

Actual Size
$\mathrm{L}=$ total length $=0.320^{\prime \prime}(8.13 \mathrm{~mm})$ max.
$\mathrm{H}=$ seated height $=0.280^{\prime \prime}(7.11 \mathrm{~mm})$ max.
Except PN 218 where seated height $=0.342^{\prime \prime}(8.69 \mathrm{~mm})$ max.
$R_{1}+R_{2}=10 K, 100 K, 1 M$
$\frac{R_{1}+R_{2}}{R_{2}}=10$

Actual Size

## FEATURES

- Off-the-shelf delivery
- Wide variety of standards
- Small size (SIP)
- Standard designs - no NRE
- Low capacitance < 0.1 pF/PIN
- Flame resistant (UL 94 V-0 rating)
- Material categorization: for definitions of compliance please see www.vishay.com/doc?99912

## Note

* This datasheet provides information about parts that are RoHS-compliant and / or parts that are non RoHS-compliant. For example, parts with lead (Pb) terminations are not RoHS-compliant. Please see the information / tables in this datasheet for details

## TYPICAL PERFORMANCE

|  | ABSOLUTE | TRACKING |
| :---: | :---: | :---: |
| TCR | 10 | 2 |
|  | ABSOLUTE | RATIO |
| TOL. | 0.1 | 0.02 |

Complete electrical specifications at the end of schematics.
