

Joker Set of ratcheting combination / double open-ended wrenches, 6 pieces  
Set of ratcheting combination/double open-ended wr

EAN	4013288173034	Dimension:	305x95x60 mm
Code:	05020022001	Weight:	1238 g
Article-No.		Country of origin:	CZ
		Customs tariff no.:	82041100

- Practical holding function thanks to the metal plate in the jaw
- Limit stop prevents any slipping
- The double-hex geometry reduces the risk of slipping
- Return angle of only 30°
- Take it easy Tool Finder: colour coding according to profile and size

High quality combination ratchet wrench set by Wera: everything that a wrench has to be able to do. And a whole lot more. Faster, better, stylish. Yes, a real Joker. The new generation of combination ratchet wrenches. 6-piece set in a robust pouch. 4 wrenches with open end and ring end in the same dimension; 2 wrenches with a jaw at both ends in different dimensions. Suitable for hexagon bolt heads or nuts. Comes with a holding function, thanks to the metal plate in the jaw, which reduces the risk of dropping nuts and bolts. The replaceable metal plate in the jaw secures nuts and bolts with its extra hard teeth and limits the danger of slipping. The integrated limit stop prevents any slipping down around the bolt head and allows higher torque to be applied. The double-hex geometry makes for a positive connection with nuts or bolts and reduces the risk of slipping. A return angle of only 30° at the open end prevents any time consuming flipping of the wrench during fastening jobs. The ratchet mechanism at the ring end, with an exceptional, fine-tooth mechanism - 80 teeth in all - enables flexibility even in very confined working spaces. The specially forged geometry provides for high torque transfer and strength. Manufactured out of high performance chrome molybdenum steel with a nickel-chrome coating for high corrosion protection. "Take it easy" Tool Finder with colour coding according to sizes.
