14-piece screwdriver set with individually tested, insulated screwdrivers as per IEC 60900. Individual testing in a water bath at 10,000 volts so as to ensure safe working at the permitted voltage of 1,000 volts. Kraftform Plus handle for pleasant, ergonomic working that prevents blisters and calluses. Hard gripping zones for high working speeds whereas soft zones ensure high torque transfer. The anti-roll feature prevents any bothersome rolling away at the workplace. Partially Lasertip: the tip literally bites into the head of the screw and thereby prevents any slipping out of the screw head. Includes voltage tester and 2 racks for storage.
