

sectional drawing A-A

TECHNICAL CHARACTERISTICS

MATERIAL

>Basic: PC UL HB

MOUNTING INSTRUCTION

>For reflow soldering only to be fitted after the soldering process

PACKAGING INFORMATION

>Tray

This electronic component has been designed and developed for usage in general electronic equipment only. This product is not authorized for use in equipment where a higher safety standard and reliability standard is especially required or where a failure of the product is reasonably expected to cause severe personal injury or death, unless the parties have executed an agreement specifically governing such use. Moreover Würth Elektronik eiSos GmbH & Co KG products are neither designed nor intended for use in areas such as military, aerospace, aviation, nuclear control, submarine, transportation (automotive control, train control, ship control), transportation signal, disaster prevention, medical, public information network etc.. Würth Elektronik eiSos GmbH & Co KG must be informed about the intent of such usage before the design-in stage. In addition, sufficient reliability evaluation checks for safety must be performed on every electronic component which is used in electrical circuits that require high safety and reliability functions or performance.

## X-ON Electronics

Largest Supplier of Electrical and Electronic Components
